Annex to
Numbering Management System
Request for Proposals
(TOD/ICT/0110/007)

Reference No. TOD/ICT/0210/010

02 February, 2010

Public Document

Overview

This annex includes amendments and addendums to the Numbering Management System Request for Proposals issued by TRA on 19 January, 2010 (Ref: TOD/ICT/0110/007). This annex is considered to form an integral part of the RFP document and must be addressed by the submitted RFP responses.

A. Amendments

The following amendments replace the indicated sub-paragraph in its entirety:

- Section 3.2, under Definitions, should read as follows:

3.2 **Block** – The unit in which a number resource is administered. See the Numbering section of the TRA website (<http://www.tra.org.bh/en/marketNumbering.asp>) and the latest version of the National Numbering Plan (http://www.tra.org.bh/en/pdf/National_Numbering_Plan_2.pdf) for details on each Numbering Resource type.

- Section 5.9, under System Requirements, should read as follows:

5.9 **Database Technology** – The solution must be based on any standards based structured query language database

B. Addendums

The following section should be added to the end of the RFP:

14 **Additional Requirements**

14.1 **Training** – The proposed solution should include provisions for the training of two (2) TRA staff on the system

14.2 **Migration** – The proposed solution must include the migration of data from the existing MS Access database. This is a standard database and does not include unique customizations.

14.3 **Web Site** – The proposed solution must include the development of the stand-alone website and web-forms utilized by the NMS. Branding guidelines will be provided to the winning bidder.
