

Notice

Revocation of Neema Graphics Value Added Services Licence issued by the Telecommunications Regulatory Authority

On 17 January 2010, the Telecommunications Regulatory Authority ("TRA") of the Kingdom of Bahrain received a request from Neema Graphics to cancel its Value Added Services ("VAS") Licence.

TRA is satisfied that Neema Graphics does not provide value added services and therefore does not require a VAS Licence to operate.

Should any person object to the assignment, please notify TRA in writing with justified reasons no later than 30 May 2010.

Revocation of the Bahrain Petroleum Company B.S.C (closed) Internet Service Provider Licence

On 17 January 2010, the Telecommunications Regulatory Authority ("TRA") of the Kingdom of Bahrain received a request from the Bahrain Petroleum Company B.S.C (closed) ("Bapco") to cancel its Internet Service Provider Licence ("ISP").

TRA is satisfied that Bapco does not provide Internet Services and therefore does not require an ISP Licence to operate.

Should any person object to the assignment, please notify TRA in writing with justified reasons no later than 30 May 2010.

Revocation of Infonet's Value Added Services Licence

On 5 April 2010, the Telecommunications Regulatory Authority ("TRA") of the Kingdom of Bahrain received a request from Infonet (CR 10955-11) to cancel its Value Added Services ("VAS") Licence.

TRA is satisfied that Infonet does not provide value added services and therefore does not require a VAS Licence to operate.

Should any person object to the assignment, please notify TRA in writing with justified reasons no later than 13 June 2010.

Assignment of Licences from Rawabi Telecommunications and Software Co. LTD (CR 63482) to Next Generation Network Solutions W.L.L (CR 65032)

On 17 June 2009, the Telecommunications Regulatory Authority ("TRA") of the Kingdom of Bahrain received a request from Rawabi Telecommunications and Software Co. LTD ("the assignor") to assign its National Fixed Services Licence ("NFL"), International Telecommunications Facilities Licence ("IFL"), Internet Service Provider Licence ("ISP"), International Telecommunications Services Licence ("ISL") and Value Added Services Licence ("VAS") to Next Generation Network Solutions W.L.L ("the assignee").

TRA has reviewed the application and is satisfied that the assignee complies with all requirements of holding a Telecommunications Licence.

Should any person object to the assignment, please notify TRA in writing with justified reasons no later than 30 May 2010.
