2. Proposed measure

2.1. To issue a second amendment resolution to the Regulation on Notification of International Roaming Tariffs by SMS issued on 17 July 2008

3. Introduction and Background

3.1. This Consultation is issued pursuant to the Authority’s Consultation Process Regulation issued by the Authority on 10 August 2003.\(^2\)

3.2. After Due Consultation, the Authority issued its first amendment to the Regulation on 9 September 2009 which contained the following aspects (Resolution No. 7 for 2009):

- 3.2.1. Definition of International roaming tariff SMS message
- 3.2.2. Rewording of article 2.6 of the Regulation
- 3.2.3. Clauses 2.8 and 2.9 under article 2 added to the Regulation
- 3.2.4. Rewording of clause 2.5 under article 2 of the Regulation
- 3.2.5. Clause 3.2 under article 3 added to the Regulation

3.3. The existing Regulation with its first amendment imposed certain obligations on Licensed Operators in relation to notifying their customers with information related to roaming tariffs of making and receiving calls and sending and receiving SMS. Along with other obligations imposed in relation to this subject matter such as the language used in the text message and considerations for handicapped subscribers’. Other issues were raised including complaints received to the Authority that the notification SMS of the international roaming tariffs did not contain information about roaming tariffs of data services.

4. Issues Encountered with the Existing Regulation

4.1 There is an increased demand on data services by subscribers and its necessity for regular and business subscribers as a method of communicating with relatives, contacts, friends or businesses while roaming to other countries. Therefore, the Authority finds it necessary to include maximum roaming tariffs for data services as per described in the draft resolution attached to this consultation.

4.2 The Authority also noticed that Licensed Operators do not mention the visiting country’s operator that is providing the maximum tariff provided by the latter. And in order to be further transparent into protecting consumer interests of the Kingdom of Bahrain in relation to roaming tariffs (in case of variation of choices in the visited country), the Authority finds it

necessary to include the Operators name in the visited country who is engaged in an agreement with the Licensed Operator and offers maximum tariffs.

Questions

1- Do you agree with the additional requirement to the Regulation?

2- What other issues do you think should be included in or excluded from this Regulation?

3- Do you have any alternative solution as to how to cover conveying information on roaming tariffs for data services to subscribers?

4- Do you have any alternatives as to how to approach the abovementioned issue in relation to listing the name of the operator in the visited country with the maximum tariffs?

5. General Terms

5.1 The Authority seeks comments of stakeholders in the Bahraini telecommunications industry, business community and the general public on the proposed Regulation.

5.2 Respondents are invited to make any other comments regarding the proposed Regulation. All other comments should be supported by a detailed explanation, including, where relevant, references to the specific provisions of the Telecommunications Law or Licenses that the Respondent is relying upon.

5.3 All comments should contain a brief statement explaining the interest of the party submitting the comments.

5.4 Upon receipt of the comments from stakeholders, the Authority will consider such comments to assist in considering and determining whether to issue the proposed Regulation as drafted.
